Patient Proven and Clinically Tested Technologies to facilitate the absorption of the fat-soluble vitamins – A, D, E, K

- Dual technologies, two absorption enhancers, to support target multivitamin levels in individuals who have difficulty absorbing fats and fat-soluble vitamins, as seen in Cystic Fibrosis
- Solubilizing or emulsifying agents support the bioavailability of “oil in water” systems, as seen with fat-soluble vitamins in the GI tract

Engineered to address breaches into the Softgel seal that can result in leaking

- Bottles from GenADEK Lot #1732915 (Pilot) and Lot #2047690 (Production) were randomly tested for seal integrity, and intrusion of the moisture seeking hydrophilic structure into the seam of the Softgel seal
- Latent Leakers on production run 0.1%
 - Latent leakers appear post manufacturing due to penetration of the seam in the Softgel seal
 - Latent leakers may result from physical agitation, heat, cold or moisture

GenADEK is formulated to meet or exceed the daily vitamin recommendations outlined in the Cystic Fibrosis Nutritional Consensus Statement published in 2002; the CF Foundation’s 2010 Ad Hoc Committee Age-Specific Recommendations for vitamin D intake; vitamin K as recommended by the 2002 European CF Society Nutrition Consensus Report; and recent studies.

- GenADEK Step 1 Increase contains 3000 IU (75mcg) of Vitamin D3 and meets recommendations for Vitamin D intake when 25(OHD) levels are not achieved with Standard CF-Specific Multivitamins
- GenADEK Step 2 Increase contains 5000 IU (125mcg) of of Vitamin D3 and meets recommendations for Vitamin D intake when 25(OHD) levels are not achieved with Step 1 Increase CF-Specific Multivitamins

SAFETY SEALED FOR YOUR PROTECTION. KEEP OUT OF REACH OF CHILDREN. STORE IN A COOL, DRY PLACE. TO BE USED UNDER MEDICAL SUPERVISION ONLY.

Recommended Dosage: Age 4 to 10 years - 1 softgel daily, Over age 10 years - 1 softgel twice daily or as directed by physician. Best taken with meals and supplemental pancreatic enzymes.

Warning: If you are pregnant, nursing or taking any medications, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur.

Formulated to meet the daily supplemental vitamin recommendations outlined in the Guidelines and the latest scientific evidence.†
