Retail Pharmacy Locations:

Should a pharmacist suggest that any MVW Complete Formulation multivitamin product is not available through their wholesaler, please have them call us at (855) 236-8584. We have several options for resolving an "out-of-stock" event, including a NEW Drop Ship option for pharmacies using either ABC or Cardinal. All a pharmacist needs to do is call their wholesale supplier, provide the desired item number (i.e. 10175697 for the MVW Complete Formulation D5000 Softgel through ABC) or reimbursement code (i.e. 58204-0004-09) and request that the needed item be shipped to their store. We've had success with this option for pharmacies using either ABC or Cardinal.
